## Regulations ... or Just a Licence to Torture ??

# ESCAS

## Every Shipment Causes Animal Suffering

The Australian Government was represented in its worst possible light on the 4 Corners expose, 'Another Bloody Business'. Equally as disgusting as the atrocities committed on sheep in Pakistan was the defence of the industry which provided them given by Joe Ludwig. When the minister for DAFF is only able to answer simple, direct, and straight forward questions with policy speeches and denials, there is no future for either him, his government, or live export.

## ESCAS Can't Protect Animals OR Politicians !!

Tell Joe Ludwig 'exactly' what you think ... [Joe.Ludwig@maff.gov.au](mailto:Joe.Ludwig@maff.gov.au)  
DAFF will eventually respond with an industry biased ghost letter.  
(but they do count how many emails they receive on the topic)

Tell the PM 'exactly' how you feel ... [pm@aph.gov.au](mailto:pm@aph.gov.au)  
The PM will not respond, but she may eventually get the message.  
(it may also help her understand one day why she is no longer PM)
